# All School and Evening Programs

Life after dark in Newton, KS? Absolutely! While days at the school are filled with information, fun, and learning, evenings are a little easier. We still keep you busy and well fed most evenings.

## **SUNDAY EVENING**

The Kansas Professional Photographers Association Board of Directors, following their board meeting, will join us at the sandwich bar. Classes will not start until 4:30 PM, so some of the instructors will have time for an evening shoot. After dark the evening hospitality is at the Days Inn. There are plenty of activities and games planned for this night in addition to the usual cool beverages and shooting the bull.

## **MONDAY EVENING**

An all school program by Mike Fulton and Cody Clinton followed by hospitality at the Days Inn. Plenty of time to relax and enjoy spending time with your fellow students. Cards, cool beverages or just a time to unwind.

## **TUESDAY NOON**

As the classes change we have planned an auction of backgrounds painted by Susan Trefl and her class students. Our own KPPS board member, Jim Stucky, presides as auctioneer. Great backgrounds are available. Proceeds will provide school scholarships next year.

## **TUESDAY EVENING**

A great evening full of activities starts with a pizza party, followed by an all school program. Hospitality at the Days Inn.

## **WEDNESDAY EVENING**

Dinner on your own. Unwind from a busy day of classes. This evening is open, so students can relax, gather with friends, or just enjoy some free time. Hospitality at the Days Inn. Plenty of snacks and cool beverages will be there for you.

**Prior to school, all students will be mailed a complete school schedule, a list of what they might need for class, and complete information about their week at KPPS**
